For Google Calendar, from a computer:

The screenshot shows the Google Calendar 'Add by URL' settings page. The browser address bar at the top displays 'calendar.google.com/calendar/u/0/r/settings/addbyurl'. The page has a left sidebar with a 'Settings' link (arrow 1) and a list of options: 'General', 'Add calendar' (arrow 2), 'Subscribe to calendar', 'Create new calendar', 'Browse calendars of interest', 'From URL' (arrow 3), and 'Import & export'. The 'From URL' section is active, showing a text input field labeled 'URL of calendar' (arrow 4) with the instruction 'Paste your URL here'. Below the input field is a checkbox for 'Make the calendar publicly accessible?' and an 'Add calendar' button.
